## INDEPENDENT AUDITORS' REPORT

Board of Directors  
University of Central Florida Foundation  
Orlando, Florida

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the University of Central Florida Foundation (the Foundation), a discrete component unit of the University of Central Florida, which comprise the statements of net position as of June 30, 2020 and 2019, and the related statements of revenues, expenses, and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2020 and 2019, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that management's discussion and analysis shown in the table of contents be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary and other information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of state financial assistance, as required by Chapter 10.650, *Rules of the Auditor General*, is also presented for purposes of additional analysis and is not a required part of the financial statements.

The schedule of expenditures of state financial assistance and the supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The other information has not been subjected to the auditing procedures applied in the audits of the financial statements and, accordingly, we do not express any opinion or provide any assurance on it.

University of Central Florida Foundation

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2020 on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

**UNIVERSITY OF CENTRAL FLORIDA FOUNDATION  
(A DISCRETE COMPONENT UNIT OF THE UNIVERSITY OF CENTRAL FLORIDA)  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

This management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the University of Central Florida Foundation (the Foundation), including its two blended component units, Knights Crossing Student Housing, LLC and the University of Central Florida Real Estate Foundation, LLC, as of and for the years ended June 30, 2020, 2019, and 2018 and should be read in conjunction with the financial statements and notes thereto.

The Foundation is presented as a discrete component unit of the University of Central Florida (the University or UCF) and is certified as a direct support organization. The Foundation's purpose is to solicit, receive, hold, invest and administer charitable contributions for the University.

**Overview of Financial Statements**

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as promulgated by the Governmental Accounting Standards Board (GASB). See the notes to the financial statements for a summary of the Foundation's significant accounting policies.

Pursuant to GASB Statement No. 35, *Basic Financial Statements—Management's Discussion and Analysis—for Public Colleges and Universities*, the Foundation's basic financial statements include; the statement of net position; the statement of revenues, expenses, and changes in net position; the statement of cash flows; and other required supplemental information.

**The Statement of Net Position**

The statement of net position reflects the assets, deferred outflows of resources, deferred inflows of resources and liabilities of the Foundation and presents the financial position of the Foundation at a specified time. Assets and deferred outflows less liabilities and deferred inflows equal net position, which is one indicator of the Foundation's current financial condition. The changes in net position that occur over time indicate improvement or deterioration in the Foundation's financial condition. Net position in capital assets represents funds that consist of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to and expended on the acquisition, construction or improvement of those assets net of any related unspent debt proceeds. Restricted net position is comprised of expendable and nonexpendable and consists of assets that have constraints placed upon their use either by external donors or creditors or through laws or regulations imposed through constitutional provisions or enabling legislature. Nonexpendable assets represent endowment assets whose principal cannot be spent and are required by the donor to be held in perpetuity. Unrestricted net position consists of net assets that do not meet the definition of restricted or net investment in capital assets.

Total Net Position	<u>\$ 322,208,969</u>	<u>\$ 321,698,757</u>	<u>\$ 317,177,567</u>

The Foundation's assets totaled \$396.9 million as of June 30, 2020. This balance reflects a decrease of \$0.9 million or 0.2%, compared to June 30, 2019. Current assets make up \$27.9 million of total assets and consist primarily of funds available to meet current obligations and pledges receivable that are expected to be collected within the next fiscal year. Noncurrent assets make up \$369.0 million of the Foundation's total assets and consist primarily of buildings and infrastructure, net of accumulated depreciation, along with investments expected to be held, restricted cash, and pledges receivable expected to be collected, beyond the next fiscal year.

The Foundation's assets totaled \$397.8 million as of June 30, 2019. This balance reflects an increase of \$59.7 million or 17.6%, compared to June 30, 2018. Current assets contribute \$24.1 million to total assets and consist primarily of funds available to meet current obligations and pledges receivable that are expected to be collected within the next fiscal year. Noncurrent assets contribute \$373.6 million to the Foundation's total assets and consist primarily of buildings and infrastructure, net of accumulated depreciation, along with investments expected to be held, and pledges receivable expected to be collected, beyond the next fiscal year. The total increase in assets of \$59.7 million is primarily due to two capital purchases made during the year totaling \$56 million combined.

(A DISCRETE COMPONENT UNIT OF THE UNIVERSITY OF CENTRAL FLORIDA)  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

**The Statement of Net Position (Continued)**

The Foundation's liabilities totaled \$74.7 million as of June 30, 2020. This balance reflects a decrease of \$1.4 million, or 1.8% as compared to June 30, 2019. Total liabilities include current obligations of \$6.6 million and obligations arising beyond the next 12 months of \$68.1 million. The total decrease in liabilities relates primarily to the scheduled principal payments made on long-term debt.

The Foundation's liabilities totaled \$76.1 million as of June 30, 2019. This balance reflects an increase of \$55.1 million, or 263% as compared to June 30, 2018. Total liabilities include current obligations of \$4.2 million and obligations arising beyond the next 12 months of \$71.8 million. The total increase in liabilities relates primarily to the related debt assumed in connection with two capital purchases made during the year totaling \$56 million combined.

Net position as of June 30, 2020 was \$322.2 million, which reflects an increase of \$0.5 million compared to June 30, 2019.

Net position as of June 30, 2019 was \$321.7 million, which reflects an increase of \$4.5 million compared to June 30, 2018, due primarily to an increased value in investments coupled with \$3.1 million in new contributions to the endowment.

**The Statement of Revenues, Expenses, and Changes in Net Position**

The statement of revenues, expenses, and changes in net position presents the Foundation's revenue and expense activity for a given fiscal year. GASB Statement No. 35 categorizes revenue and expenses as either operating or nonoperating. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

The following summarizes the Foundation's changes in net position for the fiscal year ended June 30, 2020 and the two preceding fiscal years.

**The Statement of Revenues, Expenses, and Changes in Net Position (Continued)**

The following summarizes the operating revenues by source that were used to fund operating activities for the fiscal year ended June 30, 2020 and the two preceding fiscal years.

**Operating Revenues  
(For the Fiscal Years Ended June 30)**

	<u>2020</u>	<u>2019</u>	<u>2018</u>
Contributions	\$ 16,625,196	\$ 26,075,347	\$ 35,695,533
Rental Income	16,539,021	9,678,518	9,900,935
Investment Income	4,889,778	11,206,050	10,381,576
Other Operating Revenues	<u>1,760,396</u>	<u>1,081,068</u>	<u>1,009,562</u>
Total Operating Revenues	<u>\$ 39,814,391</u>	<u>\$ 48,040,983</u>	<u>\$ 56,987,606</u>

Total operating revenues of \$39.8 million includes contributions, investment earnings, receipts from rental activity and other miscellaneous operating activity. Contributions were \$16.6 million and represent 41.5% of total operating revenues; this reflects a decrease of \$9.4 million over 2019, due primarily to significant contributions recognized in the prior year for UCF Downtown, Athletics and Rosen College of Hospitality Management that did not reoccur. Fiscal year 2019 was also the final year of the IGNITE campaign as discussed further below. This also contributed to the higher contribution totals in fiscal 2019 compared to fiscal 2020. Rental income increased by \$6.9 million over 2019 due to rent received from the Sanford-Burnham Cancer Center, which was purchased in the prior year. Investment income was \$4.9 million representing 12.3% of total operating income; this reflects a decrease of \$6.3 million over 2019.

Fiscal year 2019 total operating revenue was \$48 million, a decrease of \$8.9 million when compared to fiscal year 2018, which was due primarily to significant contributions recognized in 2018 for UCF Downtown construction that did not occur in 2019.

In addition to closing fiscal year 2019, the Foundation successfully closed IGNITE: The Campaign for UCF — the most ambitious fundraising initiative in university history with a goal of \$500 million. IGNITE spanned eight years and focused on raising private support for three key areas: 1) Student Success, which included items such as scholarships and experiential learning opportunities; 2) Academic Excellence, including faculty recruitment and endowed positions; and 3) Growth and Opportunity, which included capital projects such as UCF Downtown and athletics facilities. The campaign ended on a strong note, with fiscal year 2019 being the best year in UCF fundraising history. A significant portion of the \$500 million IGNITE Campaign goal includes direct contributions to UCF, as well as pledges for endowments, gifts-in-kind and planned gifts that are not reported in the Foundation's financial statements in accordance with GASB revenue recognition rules.

Expenses are categorized as operating or nonoperating. The majority of the Foundation's expenses are operating expenses as defined by GASB Statement No. 35. GASB gives financial reporting entities the choice of reporting operating expenses in the functional or natural classifications. The Foundation has chosen to report the expenses by their functional classifications on the statement of revenues, expenses and changes in net position.

**The Statement of Revenues, Expenses, and Changes in Net Position (Continued)**

The following summarizes the operating expenses by function that incurred the operating activities for the fiscal year ended June 30, 2020 and the two preceding fiscal years.

**Operating Expenses  
(For the Fiscal Years Ended June 30)**

	2020	2019	2018

Alumni Relations	3,243,528	3,570,672	3,565,557
General Support to UCF	4,764,549	4,299,427	5,691,865
Research	819,631	1,040,269	449,885
Total Operating Expenses	<u>\$ 55,978,009</u>	<u>\$ 59,838,886</u>	<u>\$ 51,319,463</u>

Total operating expenses of \$56.0 million for fiscal year 2020 include program related costs, general support to the University, fundraising, maintenance, and operations of the rental property and other management and general expenses related to support of the Foundation's mission. This balance reflects a decrease of \$3.9 million or 6.5% over the same period ended June 30, 2019, due primarily to decreased Academic programs of \$7.6 million, partially offset by increases to Building Operations of \$5.2 million. A significant factor in the overall decrease in academic programs and operating expenses related to \$8.8 million in philanthropy dollars raised for UCF Downtown construction, paid to the University during fiscal year 2019. This did not occur in fiscal year 2020 and was partially offset by additional building costs associated with operating the Sanford-Burnham Cancer Center.

Total operating expenses of \$59.8 million for fiscal year 2019 include program related costs, general support to the University, fundraising, maintenance, and operations of the rental property and other management and general expenses related to support of the Foundation's mission. This balance reflects an increase of \$8.5 million or 16.6% over the same period ended June 30, 2018, due primarily to increased Academic programs of \$9.4 million, partially offset by decreases to Athletics of \$2.6 million and General Support to UCF of \$1.4 million. A significant factor in the overall increase in academic programs and operating expenses relates to \$8.8 million in philanthropy dollars raised for UCF Downtown construction, paid to the University during fiscal year 2019.

Nonoperating revenues of \$12.1 million and \$13.3 million for fiscal years 2020 and 2019, respectively, consist primarily of in-kind support for salaries of University employees dedicated to advancement effort from the University and other affiliated entities. The corresponding expenses are included in the operating expense section of the statements of revenues, expenses and changes in net position. During fiscal years 2020 and 2019, nonoperating revenue decreased \$1.2 million and \$0.72 million, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

**The Statement of Cash Flows**

The statement of cash flows provides information about the Foundation's financial results by reporting the major sources and uses of cash, cash equivalents, and restricted cash. This statement will assist in evaluating the Foundation's ability to generate net cash flows, its ability to meet its financial obligations as they come due and its need for external financing. Cash flows from operating activities show the net cash used by typically ongoing operating activities of the Foundation. Cash flows from capital and related financing activities include changes associated with the long-term debt activities of the Foundation. Cash flows from investing activities show the net sources and uses of cash related to purchasing or selling investments and earnings income on those investments. For purposes of cash flow, the Foundation considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

The following summarizes the major sources and uses of cash for the fiscal year ended June 30, 2020 and the two preceding fiscal years.

**Condensed Statements of Cash Flows  
(For the Fiscal Years Ended June 30)**

	2020	2019	2018
Cash Flows Provided (Used) by:			
Operating Activities	\$ (1,838,444)	\$ (5,148,783)	\$ (1,412,666)
Investing Activities	14,580,702	(2,514,886)	(5,979,441)
Capital and Related Financing Activities	(8,018,712)	(3,504,703)	(4,460,469)
Noncapital Financing Activities	3,521,340	2,987,912	5,638,633
Change in Cash, Cash Equivalents, and Restricted Cash	8,244,886	(8,180,460)	(6,213,943)
 Cash, Cash Equivalents, and Restricted Cash:			
Beginning of Year	8,472,573	16,653,033	22,866,976
End of Year	\$ 16,717,459	\$ 8,472,573	\$ 16,653,033

Cash, cash equivalents, and restricted cash increased by \$8.2 million during fiscal year 2020, primarily due to an increase in cash generated by investments. Net cash flows provided by investing activities increased by \$17.1 million, mainly attributed to net proceeds from sales and maturities of investments as well as repayment of note receivable. This was partially offset by an increase in cash used by capital and related financing activities. Cash flows used in capital and related financing activities increased by \$4.5 million, mainly due to reduction of existing debt coupled with ongoing building renovation costs. Cash flows provided by other noncapital financing activities increased by \$0.5 million, primarily due to an increase in endowment contributions received for other than capital purposes.

Cash, cash equivalents, and restricted cash decreased by \$8.2 million during fiscal year 2019, primarily due to an increase in the use of cash for operations. Net cash flows used in operating activities increased by \$3.7 million, mainly attributed to an increase in payments for University programs, scholarships, and athletics partially offset by an increase in cash collected from contributions as compared to fiscal year 2018. Net cash flows used in investing activities decreased approximately \$3.4 million primarily resulting from less net purchases of investments. Cash flows used in capital and related financing activities remained relatively consistent compared to the prior year. Cash flows provided by other noncapital financing activities decreased by \$2.7 million, primarily due to a decrease in endowment contributions received for other than capital purposes.

**Capital Assets and Long-Term Debt Activity** – The Foundation has \$131.9 million and \$129.5 million of capital assets, included in noncurrent assets on the accompanying statement of net position as of June 30, 2020 and 2019, respectively. These balances are net of accumulated depreciation of \$32.5 million and \$29.6 million, respectively. The following table summarizes capital assets as of June 30, 2020 and the two preceding years.

	<u>2020</u>	<u>2019</u>	<u>2018</u>
Property and Equipment, Net	\$ 2,383,257	\$ 2,580,036	\$ 2,694,140

Total Capital Assets	<u>\$ 131,946,506</u>	<u>\$ 129,530,445</u>	<u>\$ 75,481,744</u>

The balance at June 30, 2020 is comprised of 51.8% land totaling \$68.4 million, 46.4% of buildings and associated improvements totaling \$61.2 million, and the remaining 1.8% of other property and equipment. During fiscal year 2020, significant changes in capital assets related primarily to renovation costs on existing buildings partially offset by current year depreciation expense.

The balance at June 30, 2019 is comprised of 49.3% land totaling \$63.2 million, 48.7% of buildings and associated improvements totaling \$63.1 million, and the remaining 2.0% of other property and equipment. During fiscal year 2019, significant changes in capital assets related primarily to the purchase of a building and land for \$50 million at Lake Nona Medical City to be used by the University as a cancer research and treatment facility and the purchase of a building and land for \$6 million in Research Park to be leased by the University.

A detailed schedule of capital assets and related activity can be found in Note 5 of the accompanying notes to the financial statements.

At June 30, 2020 and 2019, the Foundation had \$71.5 million and \$73.6 million in debt outstanding, respectively. The following table summarizes debt outstanding as of June 30, 2020 and the two preceding years.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

**Capital Assets and Long-Term Debt Activity (Continued)**

During fiscal year 2020 the Foundation reduced debt by approximately \$2.1 million, related to principal payments on its notes. During fiscal year 2019, the Foundation increased debt by approximately \$54.2 million due to the two capital purchases in 2019, offset by \$1.8 million in principal payments. Additional information on the Foundation's long-term debt obligations can be found in Note 6 of the accompanying notes to the financial statements.

**Economic Outlook**

The economic outlook of the Foundation is affected by several factors, including state support received from the University, charitable contributions, return on investments and various other revenue sources.

The University is expected to continue to provide a significant portion of the Foundation's funding due to the increased potential of giving from annual and major gift contributors. Annual contributions and endowments have a direct impact on enhancing University programs. The economy affects state appropriations to the University, which may result in a change in the amount of support the Foundation receives from the University in the next fiscal year. Overall, the global economy has affected contributions during the past few years as the economy continues to improve, it is anticipated to have a positive impact on the Foundation.

**Requests for Information**

Questions concerning information provided in the MD&A or other required supplemental information and financial statements and notes thereto, or requests for additional financial information should be addressed to The UCF Foundation, 12424 Research Parkway, Suite 140, Orlando, Florida 32826-3249 or by calling 407-882-1220.

**UNIVERSITY OF CENTRAL FLORIDA FOUNDATION**  
**(A DISCRETE COMPONENT UNIT OF THE UNIVERSITY OF CENTRAL FLORIDA)**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Organization**

The University of Central Florida Foundation and its two blended component units (collectively, the "Foundation") serve as a Direct Support Organization (DSO) for the University of Central Florida (the University or UCF), a state university, as provided for in Section 1004.28 of the Florida Statutes and Board of Regents Rule 6C-9.011. The Foundation's principal function is to solicit, receive, hold, invest and administer charitable contributions for the University. The Foundation is a nonprofit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC) and is exempt from federal and state income taxes pursuant to Section 501(a) of the IRC and Chapter 220.13 of Florida Statutes, except for income from activities not related to its principal function.

**Reporting Entity**

The Foundation is considered a discrete component unit of the University due to the University's budgetary oversight responsibility and due to the Foundation's significant operational and financial relationships with the University. The Foundation has determined that there are two component units that meet the criteria for blending into the Foundation's financial statements. The financial statements of the Foundation include the accounts of its blended component units, Knights Crossing Student Housing, LLC and the University of Central Florida Real Estate Foundation, LLC.

A summary of the Foundation's significant accounting policies follows:

*Basis of Accounting* – The Foundation prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) for governmental business-type activities. Accordingly, revenues are recorded when earned and expenses are recorded when incurred.

*Fund Accounting* – To help to ensure observance of limitations and restrictions placed on the use of resources, the accounts of the Foundation are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund in the general ledger. For reporting purposes, these funds are combined into one column.

The net position of the Foundation is reported in three categories as follows:

*Net Investment in Capital Assets* – Represents funds that consist of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to and expended on the acquisition, construction or improvement of those assets net of any related unspent debt proceeds.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Reporting Entity (Continued)**

*Restricted* – Restricted net position represents net position that is restricted by constraints placed on the use of resources either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through enabling legislation. Restricted funds include:

*Expendable:* Represents funds that are subject to donor, grantor or other outside party restrictions to use for the benefit of various programs at the University and includes the expendable portion of endowment funds. These programs include endowed chairs and professorships, research funding, and student scholarships.

*Nonexpendable Endowments:* Represents the nonexpendable portion (corpus) of endowment funds that are subject to donor, grantor, or other outside party restrictions for the benefit of various programs at the University. These programs include endowed chairs and professorships, research funding and student scholarships. The corpus of the permanent endowments are retained and reported in nonexpendable endowments, while the net earnings or losses on endowment funds are included in expendable funds available for expenditure.

*Unrestricted* – Represents funds that are available without restriction for carrying out the Foundation's objectives.

As a general practice, the Foundation applies restricted resources when an expense relating to the purpose restriction imposed by the outside party is incurred before unrestricted resources are used.

**Operating and Nonoperating Activities**

Operating revenues and expenses represent ongoing activities of the Foundation, as well as ongoing activities that are in support of the University's programs. Operating activities relate to the Foundation's principal function, which is to solicit, receive, hold, invest and administer charitable contributions for the benefit of the University. Operating revenues also include rental revenue from leasing of Foundation owned facilities. Nonoperating revenues include certain revenue sources that provide additional funding not included in operating revenues and include University related support and endowment contributions.

**Revenue Recognition**

Contributions of cash, investment securities or pledges receivable are recognized at fair value when all eligibility requirements have been met and are reported as increases in net position, with the exception of pledges to the endowment which are recognized when funds are received. Property and equipment donated to the Foundation are recorded at their estimated acquisition values at the dates of donation. Donated services are not recognized by the Foundation. Conditional promises to give are not recognized until the condition has been met. Additions to endowments and other trusts are not recognized until the resources are received and all eligibility requirements have been met.

**(A DISCRETE COMPONENT UNIT OF THE UNIVERSITY OF CENTRAL FLORIDA)**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Rent Revenue**

In accordance with guidance related to accounting for leases, income on leases, which include scheduled increases in rental rates over the lease term (other than scheduled increases based on the Consumer Price Index), is recognized on a straight-line basis. The Foundation recognizes revenues for recoveries from tenants of operating expenses the Foundation paid on the tenant's behalf. These operating expenses include items such as real estate taxes, insurance and other property operating costs. During fiscal years 2020 and 2019, the Foundation recognized \$6,033,085 and \$3,499,865, respectively, in rent revenue from Common Area Maintenance (CAM) recoveries from tenants.

**Fundraising**

Costs associated with fundraising activities are reported as fundraising expenses in the accompanying statements of revenues, expenses and changes in net position. Included are all direct costs associated with fundraising activities and allocable costs of activities that include both fundraising and program or management and general functions.

**Cash, Cash Equivalents, and Restricted Cash**

The Foundation considers all highly-liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Cash balances held for long-term restricted purposes are shown as restricted cash on the statement of net position and are excluded from cash and cash equivalents.

**Investments**

Investments are carried at fair value. Governmental Accounting Standards Board (GASB) guidance establishes a framework for measuring fair value through a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. See Note 2 for further discussion of fair value. The hedge funds carry their underlying investments at fair value and are valued, as a practical expedient, at the net asset value of the units held by the Foundation at year-end, as reported by the investment manager and within the valuation guidelines stipulated in respective investment agreements. The valuation for the real assets investment is determined by an independent appraisal management firm based on market data and research. Investments that are expected to be used within the next 12 months are classified as current investments. Investments classified as noncurrent primarily represent the corpus of donor restricted contributions and amounts subject to other internal designations by the board of directors and management as well as investments not expected to be used during the Foundation's next fiscal year.

**UNIVERSITY OF CENTRAL FLORIDA FOUNDATION  
(A DISCRETE COMPONENT UNIT OF THE UNIVERSITY OF CENTRAL FLORIDA)  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investment Income**

Gains or losses on the sale of the investments are based on the weighted-average cost method. Realized gains (losses) are recognized based on the trade date for investments sold during the year. For investments held as of year-end any changes in fair value during the year are recorded as unrealized gains (losses) for the year. Interest and dividend income is recognized as revenue in the period earned.

**Pledges Receivable**

In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, all nonendowed pledges that have met all the eligibility requirements that are verifiable, probable and measurable are recorded at their estimated realizable value on a discounted basis. The Foundation has established an allowance to absorb the uncollectible portion of pledges based on management's estimate, which includes an assessment of the donor's ability to pay. See Note 3 for more details.

**Other Assets**

Other assets primarily include various accounts receivable, notes receivable and prepaid leasing commissions.

**Capital Assets**

Capital assets include buildings, property and equipment (including rental property), which is stated at cost as of the date of acquisition (estimated value at the date of donation for donated property). The Foundation has a capitalization threshold of \$25,000 for building and building improvements and \$5,000 for equipment and furniture. Depreciation is provided on the straight-line method over the following estimated useful lives:

Buildings and Improvements	7 to 39 Years
Equipment and Furniture	3 to 10 Years

Other property consists principally of land and is not subject to depreciation.

**Impairment of Capital Assets**

The Foundation reviews its capital assets and considers impairment whenever indicators of impairment are present, such as when the decline in service utility of the capital asset is large in magnitude and the event or change in circumstance is outside the normal life cycle of the capital asset. As a result of any impairments, property with a permanent decrease in value is stated at the lower of the carrying value or fair value. Pursuant to these guidelines, management has determined that no impairments existed at June 30, 2020 and 2019.

**(A DISCRETE COMPONENT UNIT OF THE UNIVERSITY OF CENTRAL FLORIDA)**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Unearned Revenue**

Unearned revenue relates to cash received for which criteria required for revenue recognition have not been met. Amounts relate primarily to rent and event admission received in advance.

**Split-Interest Agreements**

The Foundation accepts gifts subject to split interest agreements. These gifts may be in the form of annuities, life estate or charitable remainder trusts. At the time of receipt, contribution revenue is recognized based upon the fair value of assets donated less any applicable liabilities. Liabilities include the present value of projected future distributions to the annuitant or trust beneficiaries and are determined using the Internal Revenue Service rate for computing charitable deductions for such gifts in effect at the time of the gift ranging from 2.0% to 7.8%. Funds subject to split interest agreements are classified as restricted or unrestricted based upon donor designations.

Current Florida law requires charities to maintain certain minimum gift annuity reserves. As of June 30, 2020 and 2019, the Foundation held assets in excess of the minimum required by state law.

**Compensated Absences, Other Postemployment Benefits, and Pension Liability**

Employees earn the right to be compensated during absences for annual leave (vacation) and sick leave pursuant to Section 6C-5.920, Florida Administrative Code. Leave earned is accrued to the credit of the employee and records are kept on each employee's unpaid (unused) leave balance. Employees also accrue retirement benefits for pension and other postemployment benefits over the time of employment at the University. Since all the employees who work for the Foundation are considered employees of the University, this compensated absences liability, along with liabilities for pensions and other post-employment benefits, is reported by the University and therefore is not reflected on the Foundation's financial statements.

**Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**(A DISCRETE COMPONENT UNIT OF THE UNIVERSITY OF CENTRAL FLORIDA)**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Income Taxes**

The Foundation is exempt from federal income taxes under Section 501(a) of the IRC as an organization described in Section 501(c)(3). However, the Foundation is subject to income tax on unrelated business income. The Foundation is classified as an organization operated for the benefit of a college or university owned or operated by a governmental unit described in Section 170(b)(1)(A)(iv). The Foundation is generally only subject to U.S. federal tax examinations by tax authorities for all years since 2016.

The Foundation has reviewed and evaluated the relevant technical merits of its tax position in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes, and determined that there are no uncertain tax positions that would have a material impact on the financial statements.

**Recent Accounting Pronouncement**

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. In May 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. With the implementation of GASB Statement No. 95, the GASB Statement No. 87 is effective for the periods beginning after June 15, 2021.

Management is currently evaluating the impact of this unadopted standard on the Foundation's financial statements.

**NOTE 2 CASH, CASH EQUIVALENTS, AND INVESTMENTS**

**Cash, Cash Equivalents, and Restricted Cash**

At June 30, 2020 and 2019, the recorded amount of cash, cash equivalents, and restricted cash of the Foundation's deposits was \$16,717,459 and \$8,472,573, respectively. Operating bank account balances were \$9,349,721 and \$7,892,046 as of June 30, 2020 and 2019, respectively. Cash equivalents and restricted cash include \$7,781,497 and \$1,247,004 as of June 30, 2020 and 2019, respectively, held in a series of money market funds held in brokerage accounts with an average duration of less than one year and a credit rating of AAA.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020 AND 2019**

**NOTE 2 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

**Custodial Credit Risk – Deposits**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Foundation will not be able to recover deposits. Cash deposits consist of noninterest-bearing demand deposits, money market account and cash deposits.

At June 30, 2020 and 2019, \$8,559,721 and \$6,892,046, respectively, in cash deposits are not insured by federal deposit insurance and are not collateralized.

**Investments**

The goal of the Foundation's investment program for endowments is set forth in the investment policy manual as approved by the Foundation's board of directors. Such goal is to provide a total return from assets invested that will preserve the purchasing power of the endowment assets, while generating an income stream to support the activities of the colleges and units of the University. The investment policy manual also provides information on asset classes, target allocations and ranges of acceptable investment categories. However, the policy does not address specific types of risks such as credit risk, interest rate risk and foreign currency risk that the Foundation may be exposed to as outlined below. Endowment investments were approximately \$161,661,000 and \$167,146,000 as of June 30, 2020 and 2019, respectively.

The objective for nonendowed assets is to produce the greatest possible total return with a minimum of risk. The investment policy manual provides information on asset classes, target allocations and ranges of acceptable investment categories for nonendowed assets.

Investments, including alternative investments, are allocated across various investment strategies as follows at June 30:

	<u>2020</u>	<u>2019</u>
Domestic Equity	\$ 17,913,984	\$ 17,399,316

**Investments (Continued)**

The following schedule provides a breakdown of net realized and unrealized gains and losses for the years ended June 30:

	2020	2019
Net Realized Gains on Investments	\$ 4,205,302	\$ 2,231,986
Net Unrealized Gains (Losses) on Investments	(1,464,882)	6,208,750
Net Realized and Unrealized Gains on Investments	\$ 2,740,420	\$ 8,440,736

Realized gains and losses on investments that had been held in more than one fiscal year and sold in the current year were included as part of the net realized and unrealized gains and losses reported in the statements of revenue, expenses and changes in net position.

**Custodial Credit Risk for Investments**

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. It is the Foundation's policy to require that all securities be held by the Foundation's agent in the Foundation's name. The Foundation's investments as of June 30, 2020 and 2019, excluding mutual funds and alternative investments, are uninsured and registered with securities held by the Foundation's agent in the Foundation's name. Mutual funds and alternative investments do not have specific securities, are uninsured and are held in book entry form.

**Concentration of Credit Risk**

Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. The Foundation's investment policy requires diversification of investments sufficient to reduce the potential of a single security, single sector of securities, or single investment manager having a disproportionate or significant impact on the portfolio. Guidelines for individual sectors of the portfolio further indicate percentage limitations.

**Fair Value Measurements**

GASB Statement No. 72, *Fair Value Measurement and Application*, establishes a framework for measuring fair value through a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020 AND 2019**

**NOTE 2 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

**Fair Value Measurements (Continued)**

The fair value hierarchy prioritizes the inputs into three broad levels:

*Level 1* – Quoted prices (unadjusted) in active markets for identical assets or liabilities that government can access at the measurement date.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for an asset or liability either directly or indirectly.

*Level 3* – Unobservable inputs for an asset or liability.

The following valuation techniques and inputs were used to estimate the fair value of assets and liabilities carried at fair value on the statements of financial position. There have been no changes to these techniques and inputs during the years ended June 30, 2020 and 2019.

**Cash and Cash Equivalents**

The fair value of these short-term investments is classified as Level 1 based on quoted prices in an active market.

**Domestic Equity**

The fair value of domestic equity investments are valued at quoted prices in an active market and are classified as Level 1.

**Global All Assets**

The fair value of these equity and fixed income investments is classified as Level 1 based on quoted prices in an active market.

**Domestic Fixed Income**

The fair value of fixed income investments is classified as Level 1 based on quoted prices in an active market.

**International Equity**

The fair value of these equity investments is classified as Level 1 based on quoted prices in an active market.

**Real Assets**

The fair value of real assets investments are classified as Level 1 and 3. The Level 1 investments are based on quoted prices in an active market. The Level 3 assets include one property consisting of 16 acres of land one mile north of the University. The Foundation sold 44 acres of the original 60 acres to a separate 501(c)(3) corporation in January 2017. The entitled use consists of low density residential property. The fair value of this property has been determined by an appraisal utilizing recent sale and property comparisons of like assets.

**Net Asset Value**

GASB Statement No. 72 permits the fair value of certain equity and debt investments that do not have readily determinable fair values to be based on their net asset value (NAV) per share.

The investments held at NAV reflect:

Domestic Equity includes one manager with one fund investing in domestic equities. This type represents a total of 6% of total investment assets. This fund is operated by a money manager that is passively managed to the Russell 3000 index. This fund is privately placed and their fair value cannot be observed through observable inputs through an exchange for the overall fund. The fair value of this fund is provided by the money manager which uses a quoted price in the active markets for the underlying assets.

**Net Asset Value (Continued)**

Domestic Fixed Income includes one manager investing in fixed income bonds. This type represents a total of 1% of total investment assets. The fund is operated by a money manager that is passively managed to the Bloomberg Barclay's US Treasury Inflation Protected Securities (TIPS) Index. This fund is privately placed and its fair value cannot be observed through observable inputs through an exchange for the overall fund. The fair value of this fund is provided by the money manager which uses a quoted price in the active markets for the underlying assets.

Global All Assets includes one manager with one fund investing in a global strategy including domestic, international, and global companies. This type represents 2% of total investment assets and primarily invests in equities, but may contain real assets and fixed income type of securities including treasuries and commodities to hedge against inflationary risk. This fund is operated by a money manager that is actively managed. This fund is privately placed and the fair value cannot be observed through observable inputs through an exchange for the overall fund. The fair value of this fund is provided by the money manager which uses a quoted price in active markets for the underlying assets.

Hedge Funds Credit includes four direct hedge fund managers and represents 3% of total investment assets. The credit class of hedge funds seeks to profit from the mispricing of related debt securities; returns are not generally dependent on the general direction of market movements. This strategy utilizes quantitative and qualitative analysis to identify securities or spreads between securities that deviate from their fair value and/or historical norms. This particular portfolio implements managers with a multi-sector expertise in high yield and structured credit. The fair values of the investments in this class have been estimated using the NAV per share of the investments.

Hedge Funds Event Driven includes three direct hedge fund managers that represent 3% of total investment assets. The event driven hedge funds class includes investments in hedge funds that invest across the capital structure in equity and debt securities. Managers invest in situations with the expectation that a near term event will act as a catalyst changing the market's perception of a company, thereby increasing or decreasing the value of its equity or debt. Events may include: bankruptcies, financial restructurings, mergers, acquisitions and spin-offs. The fair values of the investments in this class have been estimated using the NAV per share of the investments.

Hedge Funds Global Macro includes two direct hedge fund managers and represents 2% of total investment assets. The global macro hedge fund class includes hedge funds that trade highly liquid instruments, long and short, including currencies, commodities, fixed income instruments and equity indices. Two types of strategies are employed in this portfolio: discretionary strategies that employ broad analysis of economic, financial and political data to identify themes and systematic strategies that use algorithmic models to analyze historical data, both technical and fundamental. The fair values of the investments in this class have been estimated using the NAV per share of the investments.

Hedge Funds Long/Short includes one hedge fund of fund manager that represents 0.1% of total investment assets. The equity long/short hedge fund class includes investments in hedge funds that invest both long and short stocks and equity indices. Management of the hedge funds has the ability to shift investments across a variety of stocks, equity indices, and to a lesser extent other securities from a net long position to a net short position. In this portfolio, the managers are focused primarily on the U.S., Europe and Asia. The fair values of the investments in this class have been estimated using the NAV per share of the investments.

Hedge Funds Equity Linked includes one direct hedge fund manager and represents 1% of total investment assets. The equity linked class of hedge funds includes investments in debt instruments and options on equities. The equities options provide investors with principal protection while providing exposure to equities; returns are dependent on performance of the equities options. The fair values of the investments in this class have been estimated using the NAV per share of the investments.

International Equity includes four managers and represents 19% of total investment assets. This class consists of active managers investing in established and emerging international markets. The global managers utilize a strategy that includes domestic, international, and global companies. These funds are privately placed and the fair value cannot be observed through observable inputs through an exchange for the overall fund. The fair value of this fund is provided by the money managers which uses a quoted price in active markets for the underlying assets.

International Fixed Income includes two managers and represents 7% of total investment assets that are actively managed. One fund invests in fixed income bonds ranging in credit ratings focused on domestic and international investments. One fund utilizes a focus on credit driven strategies for the underlying investments and can contain both domestic and international investments in the portfolio. These funds are privately placed and the fair value cannot be observed through observable inputs through an exchange for the overall fund. The fair values of the three funds are provided by the money managers which use a quoted price in active markets for the underlying assets.

Private Equity includes fifteen investment vehicles consisting of distinct limited partnerships or limited liability companies. The investments can never be redeemed with these funds. Instead, the nature of the investments in this type is that distributions are received through the liquidation of the underlying assets of the fund. The total capital committed in the portfolio is \$19.6 million; the current value of this portfolio is \$9.9 million or 4% of assets. Private equity is capital not traded on a public, primary exchange. For the purposes of this portfolio, private equity can include equity rights to private companies, capital lent to companies, or other privately held securities. Private equity commitments are not drawn immediately, therefore the capital deployed at any one time is likely less than the total contractual commitment. In this portfolio, private equity capital is invested with general partners of a legally formed limited partnership, whereby several investors pool their capital as limited partners. The fair values of the investments in this type have been determined using recent observable transaction information for similar investments and nonbinding bids received from potential buyers of the investments.

Private Debt includes eight investment vehicles consisting of distinct limited partnerships or limited liability companies. The investments can never be redeemed with these funds. Instead, the nature of the investments in this type is that distributions are received through the liquidation of the underlying assets or notes of the fund. The total capital committed in the portfolio is \$10.9 million; the current value of this portfolio \$7.1 million or 3% of assets. Private debt consists of private notes and debentures that are not traded on a public, primary exchange. For the purposes of this portfolio, the funds aim to take advantage of structural imbalances between demand and supply of credit for consumers, small and medium enterprises, and trade finance consisting of private notes and bonds with equity components. In this portfolio, private debt is invested with general partners of legally formed limited partnerships whereby several investors pool their capital as limited partners. The fair values of the investments in this type have been determined using recent observable transaction information for similar investments and nonbinding bids received from potential buyers of the investments.

Real Assets include two investment vehicles consisting of a distinct limited liability company. The investments can never be redeemed with these funds. Instead, the nature of the investments in this type is that distributions are received through the liquidation of the underlying assets of the fund. The total capital committed in the portfolio is \$5 million; the current value of this portfolio is \$1 million or 0.5% of assets. Real assets consists of capital not traded on a public, primary exchange. For the purpose of this portfolio, real assets include private holdings in domestic and international real estate. Real asset commitments are not drawn immediately, therefore the capital deployed at any one time is likely less than the total contractual commitment. In this portfolio, real assets capital is invested with general partners of a legally formed limited partnership, whereby several investors pool their capital as limited partners. The fair values of the investments in this type have been determined using recent observable transaction information for similar investments and nonbinding bids received from potential buyers of the underlying properties.

**Foreign Currency Risk**

Foreign currency risk is the risk that changes in exchange rates between the U.S. dollar and foreign currencies could adversely affect an investment's fair value. As of June 30, 2020 and 2019, the Foundation did not have any direct investments in equity or fixed income investments subject to this risk. As of June 30, 2020 and 2019, the Foundation's assets were held in US currency, the currency risk on international and global assets is absorbed by the underlying investment managers.

**Rosen School of Hospitality Management Project:** The Foundation received a contribution from a donor of \$18,282,403 during fiscal 2001 to purchase land and facilitate the construction of a new hospitality management building to be located in Orange County. A portion of that contribution, \$8,282,403, funded the purchase of 20-acre tract of land including closing costs of approximately \$82,400, on May 21, 2001. The land is recorded as a capital asset of the Foundation and is subject to a long-term ground lease with the UCF Hospitality School Student Housing Foundation, Inc. with a one-time minimal payment at the execution of the lease.

**Knights Crossing/Knights Court Land:** On February 15, 2001, Knights Crossing Student Housing LLC (KKSH), through a series of transactions, was deeded an 87.8-acre tract of land from CAPFA Capital Corp. (CAPFA), a public body corporate and politic of the state of Florida. CAPFA owns the 1,176-unit apartment complex to be used exclusively by UCF students and other eligible individuals. KKSH leased the land back to CAPFA over a 30-year period under a ground lease. CAPFA obtained a mortgage based on the ground lease and improvements to the land to fund the purchase of the apartment complex. On an annual basis, CAPFA remits to KKSH any remaining funds after operating expenses (as defined), debt service and subordinated management fees. KKSH recorded the value of the land as a capital contribution at \$9,733,000 based on an independent appraisal dated August 28, 2001.

During fiscal years 2020 and 2019, there were no payments received for surplus rent under the ground lease due to maintenance and renovations.

**Health Sciences Campus at Lake Nona:** During fiscal 2007, the Tavistock Group donated 45 net usable acres of land with a fair value of \$17,425,000 to the Foundation. The University built the UCF Health Sciences Campus at Lake Nona on the land. During fiscal 2008, the Tavistock Group and the Foundation reconfigured the land, which increased the number of usable acres to 50 acres, which allowed for other medical entities to be located on adjoining property at Lake Nona. The additional five usable acres added value to the Foundation's land in the approximate fair value estimated amount of \$2,995,000 as of the date of the contribution. The land is recorded as a capital asset of the Foundation and is subject to a long-term ground lease with the University with a one-time minimal payment at the execution of the lease.

**Northview Land:** During fiscal 2013, the AHG Group LLC, donated approximately 8.5 acres of land with a fair value of \$6,000,000 to the Foundation. The land is recorded as a capital asset of the Foundation and is subject to a 60-year ground lease with Northview Knights Housing, LLC for the purposes of operating student housing. Northview Knights Housing, LLC will pay the Foundation 50% of the annual net cash flow received from the use and operation of the housing component during the first 34 years of the lease and 60% during the remainder of the lease term. Upon termination or expiration of the ground lease, all rights, title and interest in and to the housing component and all improvements, alterations, additions, fixtures, equipment and furnishings shall automatically be conveyed and revert from the lessee to the lessor.

During fiscal years 2020 and 2019, the Foundation received payments of \$150,000 and \$-0-, respectively, for surplus rent under the ground lease.

**Research Pavilion, Innovative Center (IC) and the Orlando Tech Center (OTC)**

Refinanced debt issued on December 17, 2009:

On December 17, 2009, the Foundation entered into a \$19,925,000 16-year note, maturing October 1, 2025, for refinancing the variable rate debt originally issued in 1996 through the Orange County Industrial Development Authority to fixed rate debt issued with Branch Banking and Trust (BB&T). The note is comprised of a \$12,540,000, tax-exempt portion with a fixed rate of 4.96% and a \$7,385,000 taxable portion with a fixed rate of 5.83%. The proceeds from the original note were used to purchase buildings in the Research Park vicinity of Orange County identified as Research Pavilion, IC and the OTC. The buildings represent security for the loan and lease revenues generated from these building has been pledged for debt repayment. For fiscal years 2020 and 2019, lease revenue totaled \$6,655,366 and \$6,666,219, respectively, of these amounts, \$1,866,290 and \$1,884,784, respectively, was used to pay principal and interest on the notes. The total amount of revenue pledged as security over the life of this note is \$11,299,332, which equates to the total remaining principal and interest on the notes.

In the event of default, the lender may exercise an acceleration clause whereby all unpaid principal and related accrued interest will become immediately due and bear interest at the default rate, which is defined as the lesser of 2% above the current interest rate on the note or the highest rate of interest permitted by applicable law.

As of June 30, 2020 and 2019, the remaining outstanding principal for the tax-exempt series was \$9,775,000 and \$11,140,000, respectively.

**University Tower and Biomolecular Building Loans**

On May 12, 2017, the Foundation refinanced 5.67% fixed-rate tax-exempt debt, with BB&T to a 3.34% fixed rate tax exempt debt. The principal balance at the time of refinance was \$7,535,000 with the debt still maturing on April 1, 2029. The proceeds from the original note were used to purchase buildings in the Research Park vicinity of Orange County identified as University Tower and the Biomolecular Building. The buildings represent security for the loan and lease revenues generated from these buildings has been pledged for debt repayment. The refinancing resulted in a total interest savings of \$1.3 million with a present value savings of \$1.1 million. The total amount of revenue pledged as security over the life of this note is \$6,952,628 which equates to the total remaining principal and interest on the notes. For fiscal years 2020 and 2019, lease revenue totaled \$2,992,335 and \$3,012,299, respectively. Of these amounts, \$771,259 and \$771,301 were used to pay principal and interest on the notes, respectively.

In the event of default, the lender may exercise an acceleration clause whereby all unpaid principal and related accrued interest will become immediately due and bear interest at the default rate, which is defined as the lesser of 2% above the current interest rate on the note or the highest rate of interest permitted by applicable law.

As of June 30, 2020 and 2019, the remaining outstanding principal was \$5,920,000 and \$6,478,000, respectively.

**Digital Learning Center Loan**

On December 11, 2018, the Foundation entered into a tax-exempt \$6,000,000 20-year note with BB&T maturing October 1, 2038 at a fixed rate of 3.93%. The proceeds of the loan were used to purchase a building and related land in the Research Park vicinity of Orange County identified as Digital Learning Center. The purchased property represents security for the loan and lease revenues generated from this building have been pledged for debt repayment. For fiscal years 2020 and 2019, the Foundation paid \$445,881 and \$72,605, respectively, in principal and interest on the note. The amount of revenue pledged as security over the life of this note is currently \$2,693,180. The lease includes two automatic renewal periods which if executed will increase the revenue pledged as security to \$8,242,871, which equates to the total remaining principal and interest on the note.

**NOTE 6 LONG-TERM LIABILITIES (CONTINUED)**

**Digital Learning Center Loan (Continued)**

The Foundation may prepay the loan at any time before January 1, 2024 with a prepayment penalty equal to 2% of the principal amount prepaid and at any time after January 1, 2024 through December 11, 2029 with a prepayment penalty equal to 1% of the principal amount prepaid. The Note also contains a lender prepayment election whereby the lender shall have the option to require payment in full of the outstanding principal of the loan, plus any accrued interest, on any date on or after December 11, 2029. On or after this date, the Lender will provide the Foundation with an indication of a new interest rate which the lender will lock for up to 30 days. If this new interest rate is accepted by the Foundation, the lender agrees to cancel the prepayment election and amend the loan documents to reflect the new interest rate.

In the event of default, the lender may exercise an acceleration clause whereby all unpaid principal and related accrued interest will become immediately due and bear interest at the default rate, which is defined as 5.93% per annum prior to a Date of Taxability, as defined in the agreement, and after a Date of Taxability, at 6.98% per annum. The lender may also treat all reasonable expenses related to enforcing the remedies of an event of default as additional amounts due under the terms of the agreement.

As of June 30, 2020 and 2019, the remaining outstanding principal was \$5,792,000 and \$6,000,000, respectively.

**Sanford-Burnham Cancer Center Loan**

On August 27, 2018, the Foundation entered into a \$50,000,000 30-year interest free and tax-exempt note with Orange County, Florida. The proceeds of the loan were used to purchase a 175,000-square-foot building and related land located in Lake Nona Medical City to be used by the University as a cancer research and treatment facility. The repayment terms on the note are \$2,000,000 per year for the first 20 years, and \$1,000,000 per year for the remaining 10 years. The maturity date of the loan is the 30<sup>th</sup> anniversary of the First Principal Payment Date. The First Principal Payment Date, as defined by the terms of the agreement, is the first day of the calendar month following the earlier to occur of: (i) the date that is five days after UCF begins receiving rent payments from two anchor subtenants, or (ii) the date which is the earlier to occur of (A) two years after UCF takes occupancy of the Land and Improvements, or (B) November 30, 2020. The loan is secured by a mortgage on the land and building and the lease revenue generated has been pledged for debt repayment. The total amount of revenue pledged as security over the life of the note is \$50,000,000, which equates to the total remaining principal.

**Sanford-Burnham Cancer Center Loan (Continued)**

In the event of default, the lender may exercise an acceleration clause whereby all unpaid principal and related accrued interest will become immediately due and bear interest at the default rate, which is defined as the maximum allowable rate under Florida law. The lender may also foreclose the lien on the mortgage and obtain possession of the mortgage property and borrower shall assign all right related to the property including all leases, licenses and other agreements to occupy all or any part of the land and improvements, together with all rents and other sums related to these agreements.

As of June 30, 2020 and 2019, the remaining outstanding principal was \$50,000,000.

**Covenants**

The provisions of the notes described above contain certain covenants requiring the Foundation to, among other things, maintain use of property, provide insurance coverage, and timely reporting of financial performance. Additionally, certain notes require the Foundation to maintain a minimum debt service ratio of 1.5-to-1 and 1.1-to-1 over the life of the loans. The Foundation did not receive a full year of rental payments for the Digital Learning Center and therefore received a waiver from the lender on the related debt covenant. The Foundation was in compliance with all other loan covenants for fiscal years 2020 and 2019.

**Principal and Interest Requirements**

Minimum principal and estimated interest payments required under all debt agreements, subsequent to June 30, 2020 are as follows:

**Interest Expense**

Total interest expense for the years ended June 30, 2020 and 2019 was \$952,906 and \$949,786, respectively. These amounts are included in building operations in the accompanying statements of revenues, expenses, and changes in net position.

**Annuity Obligations**

Annuity obligations represent the recorded annuity liability for the future payments to donors and/or their beneficiaries related to planned giving transactions where assets have been received by the Foundation. The liability is initially recorded at the estimated present value of the future payments and is reduced by current-year payments and increased by the yearly accretion of the discount or receipt of new donor annuities. For the years ended June 30, 2020 and 2019, there were payments of \$77,222 and \$74,587, respectively, made on annuities. Payments to the annuitants are made from donated funds restricted for this purpose or from unrestricted funds. The accretion for all of the annuity obligations was approximately \$34,780 and \$33,995 for each of the years ended June 30, 2020 and 2019, respectively.

**Unearned Revenue**

Unearned revenue is as follows at June 30:

	2020	2019
Prepaid Rent	\$ 585,226	\$ 14,631
Other Unearned Revenue	-	43,813
Total Unearned Revenue	\$ 585,226	\$ 58,444

**Deposits**

Deposits represent tenant security payments made by occupants of the University Tower, Research Pavilion, IC and OTC, other than University tenants. Deposits become current in the year that the lease terminates.

**NOTE 7 PASS-THROUGH DONATIONS (UNAUDITED)**

Certain tangible properties are donated as gifts in kind directly to the University. These donations, which are passed through the Foundation, are recognized as support by the University but are not recognized as revenue by the Foundation because the Foundation serves only as an agent for the University. Total pass-through donations received in fiscal years 2020 and 2019 were approximately \$6,918,000 and \$5,093,000, respectively.

The Foundation considers the University and the University's direct support organizations (DSOs) to be related parties for the purpose of the financial statements. The DSOs include the University of Central Florida Research Foundation, Inc., UCF Athletics Association, Inc., UCF Convocation Corporation, UCF Stadium Corporation, UCF Finance Corporation and Limbitless Solutions, Inc.

The Foundation is the primary fundraiser for the University; in return, the University provides administrative and fundraising support to the Foundation for salaries and related benefits which is reported as support from UCF – noncash, on the statement of revenues, expenses and changes in net position. The Foundation also receives rents and reimbursements for certain operating expenses from the University related to rents received from the Research Pavilion, Orlando Tech Center, Innovative Center, University Tower, Sanford-Burnham Cancer Center, Digital Learning Center and the Biomolecular Research Annex buildings. In addition, the Foundation and University are parties to a long-term 99-year ground lease, as discussed in Note 5, for use of land at Lake Nona for the Health Sciences Campus and Rosen School of Hospitality Management Campus. The Foundation and University are also parties to a long-term 30-year lease, as disclosed in Note 9, for the Sanford-Burnham Cancer Center located in Lake Nona Medical City to be used by the University as a cancer research and treatment facility.

In addition to the organizations identified above as related, the Foundation, from time to time, conducts business with entities whose officers or directors are members of the Foundation's board of directors. The Foundation has established policies and procedures in order to consummate such business generally through competitive or negotiated procurement processes.

Portions of the Foundation's pledge receivable balance of \$1,484,332 and \$1,973,732 as of June 30, 2020 and 2019, respectively, are commitments made by several members of the Foundation's board of directors. In addition, the Foundation received \$870,243 and \$620,992 during fiscal years 2020 and 2019, respectively, in cash contributions and pledge payments from various members of the Foundation's board of directors.

**NOTE 9 OPERATING LEASES PAID TO THE FOUNDATION**

The Foundation leases office space to the University and other entities under operating leases with existing terms of one to five years (see Note 6), with the exception of the Sanford-Burnham Cancer Center, which is leased for a term of 30 years.

At June 30, 2020, approximate future minimum rental payments to be received under noncancelable operating leases are as follows:

<u>Year Ending June 30,</u>	University- Affiliated Tenants	Commercial Tenants	Total
2021	\$ 10,327,211	\$ 223,573	\$ 10,550,784

Total	<u>\$ 80,730,142</u>	<u>\$ 499,774</u>	<u>\$ 81,229,916</u>

Under the master lease agreement with the University for office building space, lease obligations are subject to availability of funds through the legislature's annual budget process. Although the University's intent is to occupy such space for the foreseeable future, by law, the University cannot commit beyond one year.

Total lease revenues for the years ended June 30, 2020 and 2019 were \$16,539,021 and \$9,678,518, respectively, which includes \$6,033,085 and \$3,499,865, respectively, in rent revenues from CAM recoveries from tenants as discussed in Note 1.

**NOTE 10 ADMINISTRATIVE FEES**

The endowment fee represents an allocation for management and administration of endowed funds and is assessed on all endowments, including eminent scholar chairs, major gifts, other, etc., that represents a transfer from restricted to unrestricted funds. The endowment fee assessed on a monthly basis, is based on the fair value of the fund and totals an annual rate of 2.25% on endowed funds, resulting in a fee for fiscal years 2020 and 2019 of \$3,603,708 and \$3,575,773, respectively. For financial reporting purposes, these fees are eliminated.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020 AND 2019**

**NOTE 11 PENSION PLANS**

**Florida Retirement System (FRS)**

The University follows GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. This statement requires a cost-sharing employer to recognize a liability for its proportionate share of the net pension liability. However, since all employees including those working at the Foundation are considered to be University employees, the University does not determine a separate net pension liability amount for University personnel working for the Foundation.

**State University System Optional Retirement Program**

Pursuant to Section 121.35, Florida Statutes, the Florida legislature created an Optional Retirement Program (the Program) for eligible State University System faculty and administrators. The Program, which became effective July 1, 1984, was expanded in 1988 to include the State University System Executive Service. The Program is designed to aid the university system in recruiting employees by offering more portability to those employees who are not expected to remain in the FRS for six or more years. The Program is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant. Information on contributions made to the program are disclosed in the University's financial statements.

**Public Employee Optional Retirement Program**

Pursuant to Section 121.4501, Florida Statutes, effective June 1, 2002, the Florida legislature created a Public Employee Optional Retirement Program (PEORP), also known as the FRS Investment Program. PEORP is a defined contribution plan, sponsored by the state of Florida, available as an option to the FRS and is self-directed by the employees. Foundation employees already participating in the State University System Optional Retirement Program or the DROP are not eligible to participate in this program. Information on contributions made to the program are disclosed in the University's financial statements.

The University does not determine a separate net pension liability amount for University personnel working for the Foundation participating in the above plans. As a result, no liability has been accrued in these financial statements and the University accrues the entire amount. Please refer to the University's financial statements for further details on the plan.

**NOTE 11 PENSION PLANS (CONTINUED)**

**Other Postemployment Healthcare Benefits**

As required by Section 112.081, Florida Statutes, retirees and their eligible dependents are provided the same health care coverage as is offered to active employees at the same premium cost (borne by the retiree) applicable to active employees. The University subsidizes the premium rates paid by retirees, including Foundation funded participants, by allowing them to participate in the plan at reduced or blended group (implicitly subsidized) rates. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. Since all employees working for the Foundation are considered University employees, the University does not determine a separate unfunded liability amount for University personnel working for the Foundation.

**NOTE 12 RISK MANAGEMENT**

The Foundation is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Foundation purchases commercial insurance. Insurance for job-related illnesses or injuries to University employees is the responsibility of the state of Florida and no amounts are charged to the various state entities for this cost.

During the year ended June 30, 2020, basic types of insurance coverage remained the same as the types of coverage for June 30, 2019. No settlements have exceeded coverage levels in place during the past three fiscal years.

**NOTE 13 COMMITMENTS AND CONTINGENCIES**

**Commitments**

In August 2015, The Foundation agreed to sell a portion of property adjacent to the University boundary to CCRC Development Corporation (CDC), a University Affiliated continuing care retirement community known as Legacy Pointe at UCF. In connection with the sale, the Foundation issued an unsecured promissory note to CDC for \$2,352,450 that accrued interest at 10% (beginning in March 2018) until repayment could be made by CDC through proceeds of permanent financing on the project. The note and related accrued interest was paid in full in December 2019.

In order for CDC to receive permanent financing for the project, they were required to have a Liquidity Support agreement (LSA) held by a trustee in place to cover operating costs for up to 24 months beyond the anticipated resident fill up and project stabilization period. In March 2016, the Foundation's Board approved funding the LSA for an amount up to \$5,000,000 for CDC.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020 AND 2019**

**NOTE 13 COMMITMENTS AND CONTINGENCIES (CONTINUED)**

**Commitments (Continued)**

Since CDC finalized financing for the project during fiscal year 2020, the Foundation was required to fulfill its commitment to fund the LSA held by trustee. The Foundation funded the LSA in fiscal year 2020 using approximately \$2.8 million in proceeds from the CDC promissory note payment and related accrued interest which is being held in a liquidity support account held by the master trustee. The Foundation also funded an additional \$2.2 million of unrestricted funding in accordance with the agreement which is being held in a liquidity escrow account at the Foundation, pledged to fund and secure the Foundation's obligations to make future transfers to the liquidity support account. As of June 30, 2020, there have been no draws on the liquidity support account or funding from the liquidity escrow account. The total of approximately \$5,000,000 available in both accounts are included in restricted cash and investments on the Foundation's statements of net position.

**Contingencies**

The Foundation participates in state assisted grant programs that are subject to review and audit by the grantor agencies. Entitlement to these resources is generally conditional upon compliance with the terms and conditions of the grant agreements and applicable state regulations. Any disallowance resulting from a regulatory audit may become a liability to the Foundation. Liabilities, if any, from such audits, if any, are recorded when the amounts of such liabilities become reasonably determinable.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors  
University of Central Florida Foundation  
Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the University of Central Florida Foundation (the Foundation), a discrete component unit of the University of Central Florida, which comprise the statement of net position as of June 30, 2020, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 30, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH  
MAJOR STATE PROJECT AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE IN ACCORDANCE WITH CHAPTER 10.650,  
*RULES OF THE AUDITOR GENERAL***

Board of Directors  
University of Central Florida Foundation  
Orlando, Florida

**Report on Compliance for the Major State Project**

We have audited the University of Central Florida Foundation's (the Foundation) compliance with the types of compliance requirements described in the Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on the Foundation's major state project for the year ended June 30, 2020. The Foundation's major state project is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its state project.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for the Foundation's major state project based on our audits of the types of compliance requirements referred to above. We conducted our audits of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.650, *Rules of the Auditor General* (Chapter 10.650). Those standards and Chapter 10.650 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state project occurred. An audit includes examining, on a test basis, evidence about the Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major state project. However, our audit does not provide a legal determination of the Foundation's compliance.

**Opinion on the Major State Project**

In our opinion, the Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state project for the year ended June 30, 2020.

### **Report on Internal Control Over Compliance**

Management of the Foundation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Foundation's internal control over compliance with the types of requirements that could have a direct and material effect on each major state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state project and to test and report on internal control over compliance in accordance with Chapter 10.650, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Chapter 10.650. Accordingly, this report is not suitable for any other purpose.

**UNIVERSITY OF CENTRAL FLORIDA FOUNDATION  
(A DISCRETE COMPONENT UNIT OF THE UNIVERSITY OF CENTRAL FLORIDA)  
NOTES TO SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE  
JUNE 30, 2020**

**NOTE 1 BASIS OF PRESENTATION**

The accompanying schedule of expenditures of state financial assistance (the Schedule) includes the state project activity of the University of Central Florida Foundation, Inc. (the Foundation), a discrete component unit of the University of Central Florida, for the year ended June 30, 2019. The information in this schedule is presented in accordance with the requirements of Chapter 10.650, *Rules of the Auditor General*. Because the Schedule presents only a selected portion of the operations of the Foundation, it is not intended to and does not present the financial position, changes in net position or cash flows of the Foundation.

Expenditures reported in the Schedule are recognized on the accrual basis of accounting. Such expenditures are reported following the cost principles established by the state of Florida Single Audit Act and individual grant agreements wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**NOTE 2 NATURE OF FUNDING**

During fiscal year 2006, the state of Florida established a program in the form of matching grants for eligible donations for the establishment of permanent endowments. The program established standard policies and procedures to evaluate the eligibility of private donations submitted for the state matching funds, specify the purpose and use of endowment proceeds, determine monetary value of a gift, align pledge donations with requirements and document the receipt of gifts and donations. All eligible contributions are matched in accordance with the percentage schedule set forth in the Florida Statutes Section 1011.94.

The University Major Gifts program has been temporarily suspended by the state of Florida and no funding was received from the state in the form of matching funds during the year ended June 30, 2020. The expenditures under the University Major Gifts program in the accompanying Schedule represent expenditures of earnings on endowments that have received state matching funds in prior years. These expenditures include amounts spent from earnings on both the state match portion and the private donor portions of the endowments.
